# RECENTLY RENOVATED

We've recently renovated our Schwartz Center! We've updated flooring, furniture and appliances. Our new common areas feature space to gather for support or just relax and connect with others. And our experts on staff have overhauled the curriculum, incorporating evidence-based and proven materials.

## GET STARTED

Phone screenings are available 24 hours a day by calling 859.246.7282 or 1.800.928.8000. We work with our clients to begin treatment as soon as possible.

Residential Substance Use Treatment

3479 Buckhorn Drive Lexington, KY 40515

# ABOUT NEW VISTA

New Vista is the Certified Community Behavioral Health Clinic serving those with limited resources in 17 Central Kentucky Counties in the areas of mental health, substance use, developmental and primary care. We provide a continuum of substance use treatment services to meet the individual's needs all along their recovery journey.

# THE RESIDENCE

The Schwartz Center is a residential substance use treatment program in Lexington, Kentucky, offering ASAM Level 3.5 and 3.1 care. We accept Medicaid and provide sliding-scale fees for uninsured individuals, ensuring treatment remains accessible to those who need it most. At the Schwartz Center, recovery is individualized. Residents have access to comprehensive services, including primary care, peer support, MOUD, individual counseling, group therapy, and other evidence-based supports. Our innovative treatment model encourages residents to spend more time actively engaged in recovery within the community, helping them build practical life skills and confidence while maintaining the security and support of a residential treatment setting.
