WELCOME TO Oakwood Specialty Clinic

Introducing the Oakwood Specialty Clinic, a state-of-the-art facility providing the highest quality medical, dental, and psychiatric care to individuals with intellectual and developmental disabilities.

People with intellectual and developmental disabilities and their families need expert, compassionate care. At Oakwood Specialty Clinic, our services are based on best practices in IDD treatment, as well as our years of clinical experience.

Our doctors and staff are experts in treating persons with IDD and communicating with their families. You and your loved ones are treated with understanding, compassion, kindness, and respect during every aspect of diagnosis, treatment and medical care.

Comprehensive, Community Based Care

IDD may be the result of a genetic disorder, such as Down's syndrome, or it can be associated with cerebral palsy, autism spectrum disorder, fetal alcohol syndrome or another medical condition. Oakwood also serves patients with epilepsy. Oakwood Specialty Clinic offers a comprehensive range of services for persons with IDD and their families.

Contact Us: **Telephone | 606.677.4214 • Fax | 606.677.4065**

Healthcare Easily Done

With one call, appointments for various medical needs are scheduled and take place at our convenient location in Somerset. For more intensive or specialized care, Oakwood will coordinate care provided either onsite or offsite.

Our staff works with you and your insurance provider to file forms and facilitate the claims process – making the entire process easier for you. We look forward to serving you at the Oakwood Specialty Clinic.
